

Business Card

Simple control of business expenditure

Overview

With our Business Card, making and keeping track of payments for your business is simple. It can be used to help manage your cash flow whilst keeping business expenses separate from personal spending.

Benefits

- Accepted at over 32 million outlets worldwide.
- Contactless means you have a super-quick, no-fuss way to pay for everyday items under €30 at participating retailers.
- Interest-free credit on purchases for 37 days (if you pay the monthly balance in full and on time by Direct Debit)
- Stay in control as you can set individual spending limits for each cardholder. 24/7 management access to spending activity and account balances through ClearSpend.
- Safe and secure Chip and PIN for face to face, and Ulster Bank Secure for online purchases.
- Unlike some business cheques, you won't be charged when you use your card for purchases.

Options, Fees and Features

- Global acceptance
- Contactless
- Interest – free credit
